### *Active Relaxation...*

We meet you in downtown Healdsburg at 10:00am for a bike fitting and quick safety talk, and we are on the road soon after. As you begin your ride out to the beautiful Dry Creek Valley, your guide will talk about local history and will help you understand the process of growing grapes and making wine. We cycle along quiet country lanes to visit small, family-owned wineries. You will surely taste some of the Zinfandel the Dry Creek Valley is famous for, and you may have the opportunity to do something unique, such as taste wine directly from the barrel or taste in a genuine wine cave. The route is moderately hilly, taking you up and down along the rolling hills of the lush valley. Midday we serve our Wine Country picnic lunch at one of our scenic winery stops. After lunch we visit one or two more wineries, often stopping at an organic, biodynamic & sustainable winery that has a vegetable and herb garden on the property. After our final winery stop we head back to the haven of Healdsburg, arriving around 3:30pm. Our support van will pick up any wine purchases you have made during the day and will deliver them to you back at your car. Here we bid you farewell and thank you for riding with us!
